

## r body revitalizing moisture +

**Purpose:** Uses clinically proven ingredients that work at the cellular level to improve firmness and tone, fade age and sun spots, reduce redness and improve the look of rough, dimpled skin.

**Directions:** Cleanse skin thoroughly and pat dry. Apply to any part of the body using a gentle circular motion. May be used twice daily.

It has... (features)	Which means... (benefits)
Renovage™...	... it promotes the skin's natural protection and repair factors to help reduce all signs of skin aging, increases the skin's natural moisture content and barrier function and enhances skin's firmness, tone and elasticity.
Bodyfit™...	... it uses a cutting-edge technology known as tissue reversion to reduce the appearance of cellulite, enhance skin firmness and alleviate water retention.
Vexel A™...	... it helps reduce the "orange-peel" look of skin and helps contour the figure.
Natrulon RC-100...	... it exfoliates, reduces redness, brightens and hydrates skin.
The latest innovations in skin science and technology...	... nowhere on the market will you find a single bodycare lotion this advanced or this complete.
